“Create Public Safety, Provide Quality Service,  
Build Strong-Sustainable Communities.”

WCSO deputies are dedicated to keeping residents safe and improving the quality of life in our neighborhoods, providing 24/7 policing services to Ypsilanti Township.

- The WCSO believes “An educated and engaged community is our best partner”. We actively engage our residents whenever we can to include public forums, community events, our Citizen Police Academies and Neighborhood Watch Meetings.
- Integral to our mission and commitment to providing the highest quality service possible, is our focus on “root cause” problem oriented policing. The best way to address crime in our neighborhoods is to keep it from happening in the first place. Deputies are trained to identify community problems and work with community members to develop solutions.

- The WCSO helps sponsor the “Ballin” Basketball Series in neighborhoods during the summer to keep young people busy and help build a positive connection with our deputies. We collaborate with the “Telling It” program that helps our young people learn to express themselves through writing and the arts.

- We organize a youth Explorers Program for young people who are interested in law enforcement as a career and provide a better understanding of what it takes to be a deputy, dispatcher or corrections officer.

- The Sheriff’s Office, in collaboration with the schools has implemented the Active Shooter Training Series. This is designed to keep our students and staff safe in the event of an active shooter. All employees in Lincoln and Ypsilanti Community Schools have been trained.

- The Ypsilanti Community Schools’ Grizzly Community Support Center (GCSC) is a collaborative effort between the school, the Sheriff’s Office, the faith community, EMU, U of M and our community members. The GCSCs’ trained caring volunteers and interns utilize restorative practices to help build respectful relationships with students, resolve conflict, reduce suspensions, create a positive learning environment and improve academic and life outcomes for our young people.

- Creating Public Safety and improved Quality of Life in our neighborhoods is not something the WCSO can do alone. It takes all of us, law enforcement, public officials, business owners, educational institutions, the faith community and our residents, working together to make our community strong. The WCSO is committed to working together with all members of our community to make Ypsilanti Township a place where our families feel safe and secure and thrive.

To protect our families and the environment, we must ensure medications are properly **handled, stored** and **disposed!**

Clear out old medications to reduce chances of dangerous mix-ups when leftover or expired medications are kept, and to prevent it from falling into the wrong hands. Medication traces can be found in our drinking water and natural environments if they are flushed or poured down the sink.

**Follow this guide for our recommendations on the safest disposal options for unused or expired medications.**

**PHARMACEUTICAL TAKE-BACK PROGRAM**
Pharmacy take-back is the safest option for medication disposal and it’s FREE! Visit [dontflushdrugs.com](http://dontflushdrugs.com) for a list of some local participating pharmacies. For a statewide list of sites, visit michigan.gov/deqdrugdisposal.

**Usually Accepted Items**
Some pharmacies may have additional requirements and not all will accept the same items. Check ahead to confirm prior to arrival.

- Antibiotics
- Cold and flu medications
- Inhalers
- Medicated ointments/lotions
- Medication samples
- Medications for pets
- Over-the-counter medications
- Prescription medications
- Steroids
- Vitamins

Some pharmacies do NOT accept controlled substances like OxyContin, Vicodin, and Percocet. These are accepted for FREE at participating local law enforcement agencies through the [Big Red Barrel Program](http://bigredbarrel.org). View Washtenaw County locations at dontflushdrugs.com.

**MEDICATION DISPOSAL TIPS**
It is **best** to use the medication take-back services above. If not, follow the guidelines (below) created by the State of Michigan Department of Environment, Great Lakes and Energy for the next safest home disposal method.

**Trash Disposal Instructions**
1. Mix drugs (do not crush) with dirt, cat litter or used coffee grounds. Add a small amount of water to dissolve any solid medications.
2. Seal in a plastic bag.
3. Place plastic bag in trash.
4. Scratch off personal information on container or bottle, then recycle or throw away the bottle.

**SHARPS DISPOSAL GUIDELINES**
Sharps are medical needles, syringes with attached needles, and disposable lancets. The **safest** way to dispose of sharps is to take them to a sharps collection center.

**Sharps are dangerous in your household trash and in a garbage truck.** Improperly containerized sharps can injure family members and waste haulers or fall into the hands of children. Trash compactors break open containers and can even open “self-sheathing” or retractable sharps. Our essential workers run the risk of sharps contact on sorting floors, in recycling lines and in landfill operations.

**SHARPS DROP-OFF INSTRUCTIONS:**
1. Purchase a sharps container from a pharmacy. Some drop-offs may accept other forms of containers, so check before arrival. Containers may also be acquired through the Home Toxics Center upon request (washtenaw.org/hometoxics).
2. As sharps are used, place them immediately into the container. Close the container, then tape it shut when full.
3. Take the full container to a disposal location (visit dontflushdrugs.org and click “sharps disposal” in the menu for a list) or other location such as the Home Toxics Center (washtenaw.org/hometoxics). Give the container to a pharmacist or staff member. Your sharps will be disposed of properly and you are not contributing negatively to anyone’s safety!
